

German delegation to the Senufo Center

On the evening of April 11, 2019, a strong delegation of German political and economic actors, accompanied by the President of the Regional Council of Sikasso visited the Senufo Cultural Center. It was an opportunity to exchange with this multidisciplinary audience about the activities and future perspectives of the Center.

This same delegation made several visits in the Sikasso region and more particularly to the priority axes of development such as to the Cashew (*Anacardier*) processing unit in Koumantou, the mango packaging station "AOM" (Public - Private partnership with the group GREENYARD: exporting fresh mangoes to Europe), Keitala Trading, ANICT Regional Antenna and Sido Health Center which is funded through the FNACT.
