

Visit of the Swedish and American embassies

Wednesday morning, May 08, 2019, a delegation from the Swedish Embassy in Mali visited our cultural Center. Four people including Messrs. Désiré Ballo, the program officer, Richard Bomboma, the head of the Swedish Cooperation in Mali, Mats Ottosson, the controller and Faama Coulibaly, a driver. There was a fraternal exchange between the delegation and the Center team represented by Elie Bamba and Fr Bruno. Finally, a guided tour of the Center's museum was done.

In the afternoon, it was the turn of a delegation from the American Embassy in Mali. Among others, the in-charge of cultural affairs Emma Moros, Nathalie Sagara and Mr Aboubacar A. Cissé. They were accompanied by two Sikasso region guides, namely Demba Moussa Traoré from the Regional Directorate for Culture and Mr Bamba from the Cultural Mission and in charge of the Tata Interpretation House. Despite the fatigue of the day, there was a brief exchange with the Center's team and finally a guided tour of the Center's museum.

The cultural is always open to such initiatives. We hope that these visits will be the beginning of a lasting and fruitful partnership.
